

NEW  
**AERO  
DRILL  
PIPE**

Lighter + Thinner

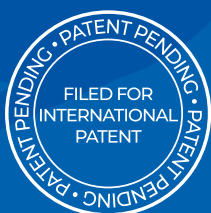

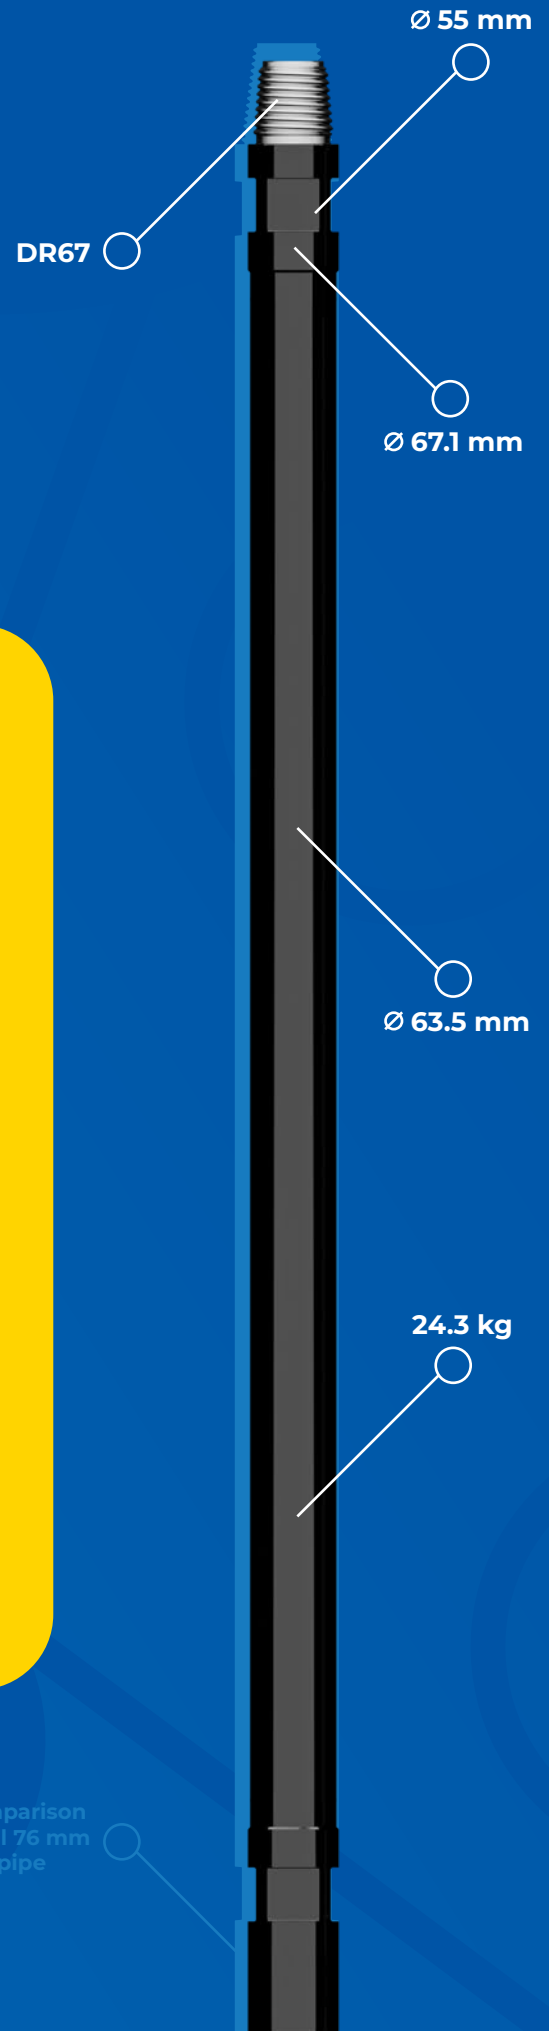

The Driller's Choice

# KEY FEATURES

- **Thread Type:** DR67
- **Outer Diameter at Key Slots:** 67.1 mm
- **Center Pipe Diameter:** 63.5 mm
- **Key Slot Width:** 55 mm
- **Wall Thickness:** 5 mm
- **Weight:** 24.3 kg

# PERFORMANCE & DESIGN ADVANTAGES

- **New strong thread:** DR67
- **Well-known performance:** Same performance characteristics as the ex-Flow pipe
- **Optimized airflow:** reduces turbulence inside the pipe
- **Smaller outer diameter** reduces upflow velocity, increasing pipe lifetime
- **Faster fill rate** due to smaller internal volume compared to standard pipes
- **Compact design:** Smaller outer diameter allows for more pipes per rack
- **Lightweight:** Lighter pipe allows for carrying more pipes per rack, compared to other 76 mm pipe models
- **Durability:** 5 mm wall thickness increases wear resistance
